

An emergency fund is your stash of "just-in-case" money." Along with your insurance coverage, it is an important piece of your financial safety net.

EMERGENCY FUNDS

EMERGENCY FUND

- Provides a financial safety net for unexpected expenses
- Save a little of each paycheck until you hit your savings goal, which can be 3 months of living expenses or more
- Tips: Set up auto-transfer, fund before other goals, keep in a savings account, resist any urge to use your emergency fund for non-emergencies
